Introduction

Ensure that people feel they can depend on our services.

Trust

Community

Providing services to people that they can actually use.

Show compassion for all and not turn anyone away.

Care

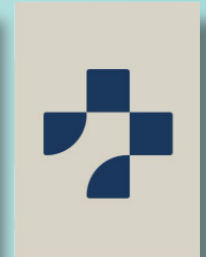

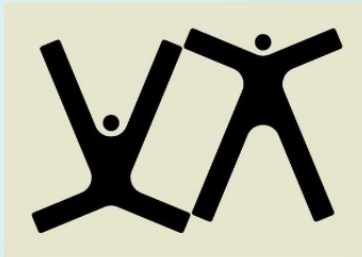

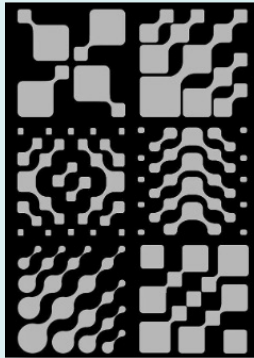

Accessibility

Make sure everyone can access the services we offer.

MedMovers is a mobile pharmacy service that delivers medications directly to people who cannot pick up medications on their own. We also conduct community outreach in underserved communities, visiting schools, community events, workplaces to offer basic health services like vaccinations.

Many people cannot easily travel to pharmacies to pick up prescriptions. This can be for a number of reasons- too sick, elderly, physically disabled, too busy, etc. Our transportation service removes this barrier by taking medication directly to people.

Moodboard

Logo System

MEDMOVERS

MEDMOVERS

The main logo mark is a simple cross symbol, in a calm yet vibrant green, and the arrow represents mobile aspect of the brand. The spike of the logo mark is equivalent in length to the “O” to create visual balance. Overall, the logo is minimalistic to represent professionalism, yet approachable with its rounded shapes and idiosyncrasies.

What we Do

Medication Delivery

We primarily offer a delivery service for prescribed medications. We know that it can be hard to travel to a pharmacy to pick up medications, that's why we deliver them straight to their doorstep. Patients can order their medications through our mobile app or website. Simply upload your prescription, and we will get your medications to you.

Mobile Health Services

We also offer a range of services directly to communities in Texas. Our mobile unit comes by to schools, workplaces, events, and we mainly focus on underprivileged communities. We offer basic health checkups, flu and Covid-19 vaccines, and other on-site services. Check out our Mobile Health Services page below for more details.

About Us

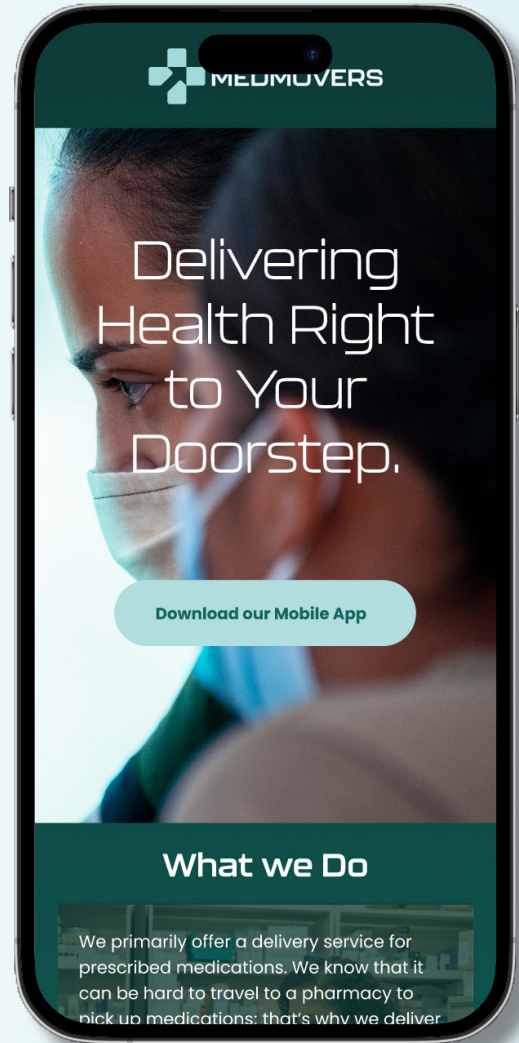

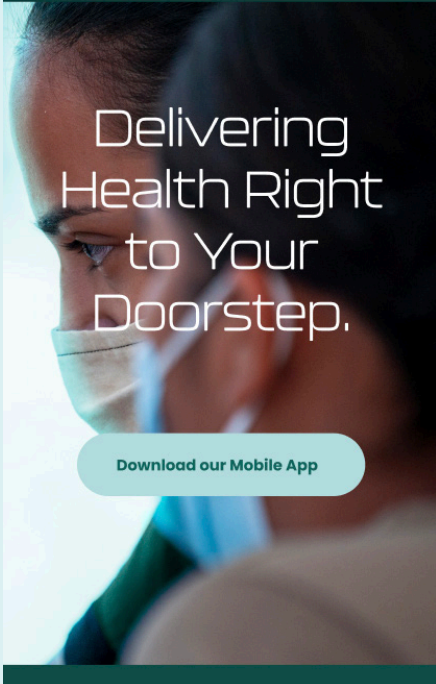

Our mission is to make healthcare accessible directly to communities by delivering medication and offering healthcare services.

Many people cannot easily travel to pharmacies to pick up prescriptions, for a number of reasons. Our services remove this barrier by taking medication directly to people.
